

The best parts found in these parts.

No matter what brand of pivot you use, proper maintenance provides better reliability and a longer life. Your Zimmatic® dealer can service any pivot, and you can use genuine Lindsay parts on every brand. If you're ready for less downtime, lower operating costs and longer pivot life, contact your Zimmatic dealer today.

Ask now for a custom Annual Recommended Maintenance Schedule - and keep your pivots running smoothly.

KEEP YOUR PIVOTS RUNNING SMOOTHLY

ANNUAL RECOMMENDED MAINTENANCE SCHEDULE

Check Point	Annually
Grease pivot point once a year or every 1,000 hours	✓
Grease alignment arm each spring	✓
Inspect all seals for signs of wear	✓
Check oil level on gearboxes and center drive motors	✓
Change oil on gearboxes and center drive motors (every 4,000 hours)	✓
Drain condensation out of gearboxes	✓
Check tire pressure (must be no less than 16 psi)	✓
Check for loose lug nuts twice a year	✓
Check for worn or missing sprinklers	✓
Check collector ring for dust or corrosion (at start of season)	✓
Remove sand trap and flush pivot for several minutes (at end of season)	✓
Check wires to motors	✓
Check main panel for mice or insect nests	✓
Check #6 bare copper wire for grounding to main panel	✓
Check tie-down bolts or turnbuckles for tightness	✓
Check tower box shields and keep latched	✓
Check for securely fastened span cable	✓
Tighten any loose tower or span bolts	✓
Drain riser pipe (at end of season)	✓
Park system on level terrain (at end of season)	✓

Regular maintenance of your pivots involves checking several key components and making any necessary repairs or replacements. Key inspection points include:

- + Lubrication
- + Electrical components
- + Drive train and tires
- + Sprinkler package efficiency
- + Winterization

Benefits of Regular Pivot Maintenance

Scheduling annual maintenance appointments for your pivots will assure a longer, more reliable life for your pivots - and more productive growing seasons for you. **The benefits of regular pivot maintenance include:**

- + Less downtime
- + Lower operating costs
- + Longer pivot life
- + Higher trade-in value
- + Better return-on-investment

Zimmatic dealers can service any pivot - no matter what brand.

Talk to your Zimmatic dealer for more information on the impact regular maintenance can make in the life of your pivot.
